Sandy is a 14.3hh pretty dun mare. We have owned Sandy since a weanling and she has always been quiet and friendly. She has had 60 days riding on her and she has been used a little bit this fall to check cows at the community pasture. With some more time and riding I think she will be quiet enough to be a youth or ladies horse. If you have any questions about Sandy, please phone Fred 306-299-7771.

Chavez is a big strong good looking 10 year old gelding. He is well broke and handles any situation with calm. He has no buck or bolt whatsoever and has the strength to hold a bull on the rope. He has spent a lot of his life pen checking but also spent quite a bit of time out on pasture checking, moving cows as well as some pasture roping. Nothing seems to bother him. He also tracks a cow pretty good. He loads well, good to trim and shoe. He is a gelding suited for intermediate to experienced riders as he can tend to be barn sour if he's allowed to be. This absolute sweetheart of a gelding is a keeper, and we are definitely tempted to do just that. Axel has 15 days of groundwork and started under saddle. He's a beautiful bay gelding with nice straight legs and a beautiful disposition. He will make an incredible ranch/rope/family mount. He's got a stacked pedigree, his sire is a son of Five a Jacks from the Pitzer Ranch and his dam is from King Horses in Southern Saskatchewan. He has a scar on his back left leg - he had a minor rubbing injury as a yearling but he's completely fine and is totally sound.

2026 was the year of the Horse and apparently for us also the year of the Filly. Of the 16 foals we have to offer we only have 3 colts on the ground. None the less this colt is one we are proud to bring to town. His dam is a DQH Mia Rooster Two aka Jagger daughter. She has proven to be one of our best producers. Jagger has been making a solid name for himself as the sire of well built good minded babies that do well in many directions. He is a money earner himself before an injury at the trainers sent him to the breeding pasture. His sons and daughters have picked up the gauntlet and carried on in his name. A son was the 2024 MH-SRA horse of the year and he has other sons and daughters excelling in the team roping and breakaway roping all across Canada and the States. This colts sire Peppy San Sun Frost aka Cooper has been producing great minded foals for us that have excelled in the barrel and roping pen across both the pro, semi pro and jackpot venues. They also make outstanding ranch and family mounts. This colt is built right and has the proven genetics to be a future contender in any arena you send him to. All of our Prospects will be eligible to be paid into the Legends of the Prairie Rope and Barrel Horse Futurity. For More Info contact Donna at

Check out this fancy Buckskin Filly. She carries the blood of both Frenchman's Guy and Profit Increase. She should be able to fly around a barrel or chase down a calf in the roping arena. The Peppy San Sun Frost babies have been doing well in the barrel pen from the CCA rodeos down to the local jackpots. They have also excelled in the roping arena and are making great ranch and family mounts also. Dash N Blair brings some speed to the program and we are excited to see how this cross does as they mature and are being shown. The first from this cross is 3 this year and her owner is very happy with her. All of our Prospects will be eligible to be paid into the Legends of the Prairie Rope and Barrel Horse Futurity. Take a look at the bone and size on this big buckskin Roan filly. We bought this nice mare that came out to the Leptich Family Program and we are happy with the great foundation breeding she brings to our program. This is the second year crossed on one of our stallions. This is a very fancy LSR Forrest filly and the first time we have gotten a roan. (Colour change paperwork and pictures have been sent to AQHA for colour correction when she is transferred to buyer) LSR Forrest is our senior stallion and he passes his great mind, foot and bone to his foals. This filly is no exception. LSR Forrest has get competing in Pro Rodeo team roping, Three day Eventing, Reining, and all round family ranch horses. The three daughters that I have retained are super broodmares and are a great cross on our Jr Stallion Jagger. This filly has a quiet friendly nature and is built to do any job you can throw at her. We are excited to see how she develops over the coming years. All of our Prospects will be eligible to be paid into the Legends of the Prairie Rope and Barrel Horse

This is another of those crosses that just work every year. This is a nice big filly that will be that great ranch/family horse that can go any direction you wish. I have heard back from many previous owners and they all say they are great minded and built right. Her sire DQH Mia Rooster Two aka Jagger has been making a solid name for himself as the sire of well built good minded babies that do well in many directions. He is a money earner himself before an injury at the trainers sent him to the breeding pasture, but his sons and daughters have picked up the gauntlet and carried on in his name. A son was the 2024 MHSRA horse of the year and he has other sons and daughters excelling in the team roping and breakaway roping all across Canada and the States. We are super proud of this young stallion and look forward to what he continues to produce. This fillies dam is a daughter of Peppy San Sun Frost aka Cooper. I have only been able to retain one daughter so far as his foals are highly sought after. They are excelling in both the barrel racing and team roping pens as well as solid ranch and family mounts. We think this filly is set to follow in her siblings footsteps. She is growing up very nicely and should be a great addition to anyone no matter what direction you take her. He was unshown due to injury so denied the chance to follow in his sires footsteps. Her dam is a daughter of the great stallion The Jewel Snipper who was inducted into the Sask. Horse Federation Hall of Fame in 2021. He excelled in both the reining and roping pen. This filly is Bold, Curious and made just right. She has been a joy to visit in the pasture and she is sure to excel as someone's #1. She is definitely one I would love to keep, but you know Too Many Horses. CHE No Major Chrome is enrolled in the Xibition Stallion Program so this filly is eligible for their program.

Grade Palomino Filly DOB: April 29, 2026

This BIG Shapey filly is by our Peppy San Sun Frost stallion and all I can say is WOW This is exactly what I was hoping for when I bought this mare. I purchased the dam of this mare because she traces back to Doc Debbie Bar who was THE most influential mare in my program At one time 3/4 of my herd were either her daughters, granddaughters or great granddaughters. Her legacy lives on in DQH Mia Rooster Two aka Jagger, our home grown stallion who has brought so much to our program. Unfortunately for me she was a maiden mare and the person that I purchased her from had not yet submitted the DNA to AQHA It has been determined that the breeder of this mare registered her under the wrong sire and even though DNA has confirmed that she is by the other stallion that this breeder stands she refuses to sign the papers in order to do the correction. It is such a shame as this is a big beautiful mare who unfortunately is only breeding sound. This filly is big, strong and correct and she should excel in both the rodeo arena and on the ranch. I believe she will have the temperament to be a great family horse as well. For More Info contact Donna at hm-204-529-2515 cell-204-245-0655 www.decossequarterhorses.com

This chrome cutie pie was separated from his mother as a foal, leaving us to think the worst! Fortunately, he was rescued by one of our dry mares who took him under her wither until he was discovered alive and well. Sired by our stunning born and raised grullo stallion "Yucca Zan Rocket," his fetching dam, Luras Lady Ruth, is the last offspring of an old tried and true bloodline with "Paddy's Irish Whiskey" as her paternal grandsire. Reunited once again with his mamma, Sundown thrived and displayed promise of a brave and resilient colt.

This smoothly built cooper bay filly surprised us with how friendly and tame she was when we started handling the foals, as she was the first baby to boldly walk up with confidence to get rubbed. Renowned CFR barrel champion "Dat Blue Moon" is her paternal grandsire; while her dam, Solanos Peppy Val, with famed "Blue Valentine" and "Hancock" bloodlines was a reliable ranch horse before joining our string of brood mares. Solanos Sugar Moon's outgoing disposition displays her willingness to be optimistic about her relationship with people; pair that with her versatile breeding and you have the makings for an accomplished performance horse.

If you like surprise endings, this colt born jet black and registered gray will keep you guessing as to what genes will express over time, as his maternal grandsire was a striking Gray Roan Stallion. His dam "Double Dash Hancock" was one of our main go to ranch horses, as she is not only strong and steady, but one of our best traveling horses with famed "Blue Valentine" and "Hancock" breeding. Blue is sired by our stunning born and raised grullo stallion "Yucca Zan Rocket." This curious and chill gray colt with a dash of zip has countless performance promise.

Alamitos Panzarita is a fancy bay filly that consistently stood out in the back 40 from the first time we saw her. Her dam, Sable Alamitos, actually went through this ring as a foal herself; fortunately, we got to bring her home and started her. However, when opportunity knocked we couldn't part with her, as she was the last mare in a long string of offspring by our late stud "Speedy Hot Taco" grandson of Legendary "Dash for Cash." Add more fame: Zan Parr Bar, Dat Blue Moon, Peppy and Panzarita bloodlines and the possibilities are endless for this "Fancy Lil Panzy."

Blue Moondust Rocket sure did take his time joining the herd; I guess he knew he was the best for last! Notably, he is foaled out of our most genteel (polite, gentle or graceful) bloodline. Mayan Moonlight, his dam, is one of several roan daughters with famed "Blue Valentine" "Hancock" "Peppy" breeding out of Mayan Valentine, whose offspring are consistently mild mannered and the first foals to hook on and approach. This blue roan colt is only one of four offspring in this entire exceptional line to be offered for sale. Additionally, his half-uncle "Blue Moonshine" sold as a five year old at the 2024 Top Gun Sale for \$27,500. (See photo and video link below). Moondust is sleek, smooth and "Sweet as Apple Pie." His outstanding disposition and breeding denote a promising prospect of a future over the Moon Star!

Cruiser is a three year old gelding. I bought him as a 2 year old and started him. By sale day he should have about 45 days on him. He is a real good minded young horse that is about as levelheaded as they come. He has never bucked or bolted. He has been introduced to cattle and different types of terrain. While he can be cinchy at first saddling, he always lunges out of it and I expect that to disappear with time. You can leave him sit awhile and he's the same horse as he was when you turned him out. He's good to trim and load and good to catch. He's also fairly smooth to ride. I think he has the potential to be a good all round ranch gelding that the whole family can enjoy.

Fixn Forever is a 2021 sorrel appendix quarter horse mare by Fixnto out of Forever Threads by Max Forever. She stands 15.3 hands tall and has been trained by her owner in 2023. Due to life being to full, Fixn had 2024 off and yet, just recently she accepted saddle and rider willingly with no issues as the videos show and just recently moved two bulls to their winter pasture. Her sire, Fixnto, has an excellent pedigree. He is a young sire of 2 Futurity winners, BFA Juvenile Jr. Champion, Canadian Classic Horse of the Year and more. His offspring have earnings of \$40,000. His full sister, Go Go Fame, is the dam of Hello Stella, the 2021 Leading Money Earning Futurity Horse ever. Current earnings in excess of \$1,000,000. Fixnto has been standing at Sandy Ridge Stallion Station, where he is now deeply missed as he has recently and suddenly passed. There will not be more of his particular line. Fixn Forever's dam is thoroughbred Forever Threads. She herself did not get to race. However, her sire, Max Forever, won over \$244,000 in his career and Great Threads, won nearly \$238,000. There is definitely athleticism in her family. As a foal, Fixn Forever, who was born with properly straight front leg confirmation, developed an issue caused by her mother travelling too much when the foal's legs were still developing. This caused Fixn's legs to start to grow crookedly. Screws were surgically put into her legs to slow one side from growing while the other caught up. The operations were very successful but not completely. She has a slight deviation to the left from pastern down. They do not seem to bother her in any way and she runs and plays with her "roomies" and is very often leading the parade. She is kind, likes people and is eager to please and to work. Standing still is not her favourite but that will improve with experience and time. Dental, feet and worming are up to date. Fixn Forever is currently having her training

refreshed and polished so that she may go forward with her new owners in whatever manner they choose.
