AT THE RANCH, EAST OF COUTTS, AB

SALE TIME 1:30PM // 65 YEARLING BULLS

BORDER BUTTE

Bull Sale

Welcome

As we cross the finish line of catalog prep from footnotes to picture day, patience are generally put to the ultimate test, yearly might I add. But surrounded by a lot of great help from friends neighbors and sale help, we can remain on track.

Roans involvement in the program grows each year in all forms from AI sire search and implementation, new walking sire search, to making culling calls at the branding table, and at weaning time. While it's still a learning curve, we can see the progression he's made in decisions backed by solid reasoning. His help at the preg check days have proven he's paid attention to all the requirements we ask of our herd. His participation at the clipping chute made the task a little lighter this year. He being responsible for a big push to the finish line. His new job of Marriage Councilor was one he has had to endure at times! Thank goodness he understands that we all have a vested interest, equal say, and a love for what we do. Is it right? Probably not, but we don't seem to fall into a typical mold here. The realization that we all have a voice here, from past decisions to future decisions that will keep us on the right track, being able to bring what can be seen in this set of calves as well as future producing females and sale bulls. All our visions work together to make up this year's and every offering and is the reason we can get uptight and touchy when we are doing our decision making. Shane has often used the words Passionate when he describes us. Never had I put it together till I realized this program, all our successes together, with Roans integration into the programs plans alongside all of his success outside the ranch. All together is what brings out our emotional sides that in turn make us strive to be better, do better, and expect more from all of us. This to ultimately help all our friends and customers get closer or continue their successes in their own programs.

Please join us on Sale Day where we can bring to you a strong set of calves that offer new and tested genetics and share some Christmas season Cheer and a Year's work coming to an end.

Cindy, Dale & Roan Boach

Welcome From Catterock

The 23rd addition of the Border Butte Bull Sale is here and what a year 2024 has turned out to be! Welcome moisture early in the spring making feed more prevalent than it has been in years and now we are ending the year with record cattle prices making for a lot of smiles walking out of the auction mart! Again the pen of bulls presented by Dale, Cindy and Roan is gratifying! It doesn't matter if you're raising commercial cattle or bulls when you can continue to put together a solid set of calves on a regular basis you are doing something right. As stated other years, the goal is simple.... raise cattle that are born on their own, carry some stretch, hair muscle and sport a great temperament to them. Well the boxes continue to be checked! The time and effort spent in researching the quest for the next offering of genetics is never over and the Border Butte gang do this as a family. Working together attaining the goals set out is always a satisfying reward.

These bulls are a commercial breeder's delight as they do a lot of things right and do it side by side many large commercial operations. Be sure to stop in before the sale to evaluate the bulls and have a look through the cattle and how they might take your program to the next level of consistency! Guaranteed the visit will be enjoyable and the cattle are as good as the people!

If we can be of any assistance to you in regards to any questions or to fill an order you might have, feel welcome to give us a call!

See you sale day!

Shane Castle

Welcome From Perlich Bros.

The Perlich family and staff are thrilled to conduct the Border Butte Angus Bull sale this year at their ranch.

Dale, Cindy & Roan are meticulous when it comes to their Black Angus cattle operation. They strive for superior genetics and overall herd health.

Their hard work, ambition and passion for their cattle is evident in this year's line up of bulls. We have only had positive feedback from producers who purchased Border Butte bulls, they have a strong reputation for productivity, performance, good health & temperament. Bid with confidence, knowing you are putting quality genetics into your operation that will pay for years to come.

We look forward to working with Dale, Cindy & Roan this year to provide you with top quality bulls at this year's sale.

Respectfully,

Management and Staff, Perlich Bros Auction Market

Buyers Representatives

TIM HENLINE 403-647-8074

Tim Henline has been a longtime friend and great neighbor. Tim has for many years been the brander, trucker, sorter, and customer, so through the years has seen our herd develop. Over the years we have also been involved in some of the seasonal activities at the Henline Ranch and have seen the type of cattle they run and select. We asked Tim to be available before and on sale day to answer questions of anyone that has interest in the bulls and needs a familiar opinion.

JUSTIN LEESON 403-593-8744

Many may know Justin as our Nephew from Hays, Ab, Judy and Brads son. Justin has been helping with seasonal activities since as long as I can remember. Starting when he had to abandon his little quad in a cattle move over 12 years ago. While he was too small to know back then he has grown a lot and has been paying attention to the genetics and the performance of calves over the last few. This became evident last year as Justin was one of the Phone men. He has a good eye and can recognize the attributes of a good one. He as well can give an honest second opinion to the bulls as he is the one we have out to run these bulls through for branding day, clipping day, video day and before sale clean up. He is no stranger to our pens and pastures that's for sure.

IMPORTANT WINTERING & DELIVERY INFORMATION

Yearling bulls will remain at Border Butte Bull Yard after sale day free of charge, until a reasonable delivery date is arranged after semen testing. Weather depending, semen test will be completed late February, early March. We will promptly inform the new owner if the bull passes or requires a retest, which if a retest is required Border Butte will be given the opportunity to prove a passing second test. If a second test fails the owner will have the choice of credit, reimbursement, or suitable replacement bull. Border Butte guarantees their bulls include sound footed, semen tested, the willingness to breed a female. If any problems arise it is to be brought to Border Buttes attention in a timely manner to be evaluated. Injuries occurring at the new owners, or neglect will not fall under the breeders' guarantee. Purchases are to be settled on the day of sale unless other arrangements have been made with Border Butte. Contact Dale Bosch 403-647-4392 if you are in need of any payment options.

SIGHT UNSEEN PURCHASES

If you wish to participate but are unable to attend the sale, please feel free to call us to take advantage of our 100% Satisfaction Guaranteed- "Sight Unseen Purchase Plan".

INSURANCE AGENT

Larry Toner 306-834-7652

TERMS & CONDITIONS

All Bulls sell under the standard terms and Conditions set forth by the Canadian Angus Association.

GUARANTEE: calendar year bulls will return home and be semen tested and evaluated by a qualified vet. 2 year bulls have been semen tested and evaluated. Bulls that fail to be satisfactory breeders will be replaced or credit given on purchases or replacement from the seller. They should be returned to the consignor in good condition and properly cared for so they can be re-evaluated. Border Butte is responsible only to the purchase price of the bull in question. Each animal becomes the responsibility of the purchaser at the fall of the hammer.

INSURANCE: We recommend you insure your purchase as purchaser assumes responsibility at the fall of the hammer. An insurance agent will be available on Sale Day, Larry Toner 306-834-7652

HEALTH: Animals are from TB and Bangs free area. They are examined by a qualified veterinarian at semen testing time.

TERMS: Terms of sale are cash or cheque payable at par in Canadian Funds to Sale Clerk on sale day. No animal will be released without satisfactory settlement.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcement from the Stand at sale time and such correction shall take precedence over the printed matter in this catalogue.

SEMEN INTEREST: We reserve the right to draw semen on any catalogued bull at our expense, and buyers convenience.

A breeding piece that was designed at the base of the hills and has proven to replicate his power and performance in this first set of calves. Bull calves with style, shape, a foot that will withstand and a pedigree that holds the high expectations we have for maternal power, temperament that we are known for and the end product we strive for whether it be a customer selling at weaning time, where Dominant boasts a spot in the top 3% of the breed, or at spring time grasser sales where this sire is situated in the top 5% of the breed. His set of bull calves are a carbon copy of him at this stage with a strong presence in the pen.

First year of progeny by the Milwaukee bull. Purchased in the spring of '23. Shane and Mark are always on the lookout for bulls that fit our program and when they spoke highly of this guy I went on a tour finding a bull that would add change of Pedigree with out extremes but offered eye appeal and backed by a Dam and maternal sisters that packed a punch and all having great production records and eye appeal and the icing , generations of great foot quality.

A complete total package sire with one of the best EPD profiles in the Angus lineup. Tanker is a massive bodied, wide and deep made individual that had a yearling scan day weight of 1592 lbs and a 42.5 cm scrotal. Tanker combines top ranking EPDs, phenotype, muscle, capacity and soundness with fertility and performance all set on great feet with strong heel depth and excellent claw shape. His dam is backed by two consecutive generations of Pathfinder Dams.

Purchased in the spring of 2021, a calf who arguably carried the strongest hind quarter in the pen the day that we walked through. Possessing the absolutes that we require when we look to purchase a herd sire. His tidy, and different twist of pedigree enhanced the appeal. A tour through Dave Lamb's cow herd to view his Dam was a great visit and enabled us to appreciate a number of his paternal sisters and maternal relations to solidify that this bull in fact has the ability to add or improve many strengths to our program. With a number of retained daughters in this first year that have performed extremely well, and a set of bull calves that will not be missed and appreciated for the early maturity which possessing a lighter birth weight option.

Was purchase in the spring of 2022, selected for his undeniable herd bull presence. A Kingsman son who we appreciated for his ample muscle and a genetic package that screamed keep every daughter, and make a solidify a set of correct and performance minded bulls in the bull sale pen. 52J was extremely quiet and easy to handle. He has successfully shared that with his calves. His Dam had also produced past high sellers for the Pedersen's in the bull and female pens and was dam to a key donor female in their program. I was able to appraise both these females and feel their representation would be welcome in our herd. We lost 52J that same summer do to a fatal injury and have limited semen which we will use very carefully as we go forward after being impressed with this calf crop.

Reckoning is extremely upheaded & clean fronted with cool neck extension! He possesses ultra flexible joints with desirable body depth, dimension and muscle shape! Hair quality is a BONUS too! If you haven't heard of his sire, Believe, is one of Canada's highly valuable sires of recent times. Reckoning is not only a bull to improve show quality, but is a great choice to improve herds of all types with his tremendous breed character, testicle shape, joint & foot quality, and overall excellent phenotype.

If you're not impressed as you take your first glance, then if you're not impressed by his structure and good temperament. Then maybe you'll be impressed by his EPD profile of WW and YW being in the top 6 and 5% respectively of the breed and a WW of 862 lbs all after losing his mother at 2 months of age. That's right, this tough customer borrowed and stole proving it takes a herd to raise a calf. With a pedigree to excel, he's a favourite around our table, as was his deceased young dam.

This guy packs a punch and has since early spring. He was the most photographed calf in April and still creating a stir now. From every angle this calf commands your attention . We don't spend much time in the show ring, but his Grandam was purchased from the Chinook sale and was successfully shown by our niece Riley. She went on to win the SAAC futurity as a bred in 2017 and went on to win champion mature pair at Summer Synergy with this calfs dam at side in 2021. Her sire Trapper adds maternal function, body capacity, and fleshing ability. Trapper daughters are sure footed and beautifully uddered.

If light birth and weaning to yearling performance is on your wishlist this year. You'll want to jot down this lot number. Yes you'll be asking if the numbers are indeed correct, No mistake here. This calf slipped out at 78 lbs and his dam brought in a big gun at 915 lbs. Outlier was used for his strong foot, long side, ample muscle, and his performance. He has not disappointed when this is the result. From a first calver.

From the new heifer bull Tahoe, used lights in this first season as he had a slightly late arrival. He sits in the top 9% of the breed for calving ease. The reason why we pursued owning this extremely exciting herdsire with New/Fresh genetics was to add an exciting new pedigree to the herd. This calfs dam, a first calver has calving ease infused throughout her pedigree. With this first bull sale instalment she's got potential to have a long life here.

A real twist on paper for us. We used Tanker for this first set of calves that did not disappoint. From one of our strong maternal lines, the Countess females have proven themselves as performance driven, longevity, maternal power, and structural superpower. This calf will be a favourite come sale day for his attractive profile, impressive performance and strong EPD profile.

Dam is a first calf heifer and maternal sister to lots 443M and 142M. The Elnora line has earned their title here. Always punching out a female with high maternal ability, while not sacrificing a performance minded offspring. With 305E on his dams side it's sure to add the extra punch of calving ease and performance. Outlier for a sire will make both these traits more potent while adding length and fresh genetics.

Countess and Eve pair together for this outcome. A calf who will be on the list of many come sale day. Admired for his hard muscle look, his profile offers that smooth yet shapley look. And the view from behind seals the deal. His performance tells the story of how the Dominant calves are trending. Nice BW with an impressive weaning. 1 sisters retained.

Dam is a Marion that has proven to display all the best parts of the maternal family, while adding a style of her own, with her Attractive background. The Marion line might be the most eye appealing set of females to walk here with production always flowing freely whether it be a georgas retained daughter or bull calves like this with hair, round, expressive, structurally sound sons. This calf will command your attention with his style and presence on a solid foundation, while pulling it all together with power packed pedigree and freshmasculine punch.

A February calf that has immediately caught his contemporaries. A respectful representative of the Resource son that has paired well on this very honest, attractive young cow that comes by volume and correct structure honestly. Admire him for his strong hip wide top, and solid foot from a perfect uddered cow. 1 daughter retained.

An option for larger framed hfrs. This February born calf is really starting to put his best foot forward, and with the strengths we saw in the Resource Son, he's sure to follow in his steps with hair, shape, style and a great set of feet only doubled with many of these traits carried by his Dam as well.
