Welcome to the 2026 Power Up Your Pasture *Bull Sale*

Thank you for taking the time to view our catalog and the bulls on offer from Fleming Stock Farms & RJ Livestock. We are very pleased with this year's offering of yearling Black Angus, Simmental and Charolais bulls. The bulls are being developed at Duncan & Cecilie's place, 1/2 mile west of the Granum junction of Highways #2 & #519. We encourage and welcome you to stop by any time prior to the sale to preview the bulls.

This year's sale is **Friday, March 27, 2026** at Foothills Auctioneers in Stavelly, AB at 1:30 PM. We will have DLMS on site to broadcast the sale and take your online bids if you are unable to attend the sale in person. Our sale day contacts will have been through the bull pens and can assist you if needed or give us a call to discuss your bull needs.

We are proud of our three-breed offering which gives our customers an opportunity to maximize their options in their breeding programs. We are your, "One Stop Bull Shop". We may not have the largest offering, we pride ourselves in the fertility, udders, confirmation, longevity and docility of our mother cows which in turn rises the cream to the top. At weaning, we cull hard, if a bull does not meet our bull criteria he is culled. As our bulls develop through the winter and into the Spring we continue to analyze with a critical eye and expectations. We believe in quality over quantity. We don't push our bulls for excessive weight gain, we like to develop the bulls for longevity. We know that performance is important but not at the expense of fertility.

Overall herd health is vital in our breeding programs. Our entire herd has been on the Boehringer Ingelheim herd health program for decades and we are one of their Express Verified Purebred Herds. Next to vaccination a solid mineral program is paramount. Our herds are on a year-round mineral program with OLS Mineral tubs. This mineral program offers one of the best mineral packages for beef cattle around without over consumption. Calves also receive a dose of MultiMin90 at birth to give them the best start possible. We strive to maintain our bulls in peak health so they will have the longevity and durability to withstand your breeding seasons and the rugged range conditions that nature provides.

All bulls will be scrotal measured, semen tested and will have passed a breeding soundness evaluation by Dr. Martin Kaatz of the Lethbridge Animal Clinic just prior to our sale. All bulls are fully guaranteed. Our operation is Verified Beef Production Plus (VBP+) Certified. All the bulls are Express Verified and will have been vaccinated to protect their testicles from infection of the BVD virus. All bulls will have received Express FP and an 8-way vaccination prior to the sale.

We would like to tour you through our Bull Pens. Stop by any time prior to the sale. Feel free to reach out to any of us. We will be happy to assist you with your bull selection and look forward to your attendance at our 2026 Bull Sale.

 CLARESHOLM AGRIPLEX

Terms & Conditions

TERMS OF SALE: The terms of the sale are e-transfer, cash or cheque, payable at par at the sale location. The release of livestock will not be given until satisfactory settlement has been made. We reserve the right to withhold animals from shipment for which payments have not been received prior to departure time.

BIDS: Every animal entering the sale ring will be sold to the highest bidder.

DISPUTES: In case of disputes, bidding will be opened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

ANNOUNCEMENTS: Errors discovered in the catalog will be corrected by announcement from the Auction Stand at sale time and such corrections will take precedence over printed material in the catalog.

PURCHASER'S RISK & BULL INSURANCE: Ownership risk to the purchaser commences when the Auctioneer's gavel falls. Livestock coverage will be available at the clerk's desk from our appointed representative on Sale Day.

BREEDING GUARANTEE: We guarantee to provide you with a sound breeding bull, capable of passing a breeding soundness evaluation performed by a licensed veterinarian. In the event of any unlikely dispute, the regular terms and conditions that are standard with the Canadian Angus, Canadian Simmental and Canadian Charolais Associations shall apply. Customer satisfaction is paramount to us.

FERTILITY: All bulls will pass a complete breeding soundness evaluation, including a semen test prior to the sale. All bulls will meet or exceed breed standards.

SHIPPING INSTRUCTIONS & DELIVERY OF BULLS: Purchasers are requested to leave shipping instructions when making settlement. Delivery assistance will be given to shipping after the sale, but no risk will be assumed by Foothills Auctioneers Inc. or the sellers. We will strive to deliver the bulls to your corral or to central points when necessary. Delivery will commence mid-April unless prior arrangements have been made with the seller.

POST SALE BULL DEVELOPMENT: Bulls returning to Fleming's will be housed at the buyer's risk. We strongly recommend that all bulls returning to Fleming's be insured. The Sellers will not be responsible for any type of injury while in the seller's care. Therefore, the purchase of mortality insurance is strongly recommended.

CERTIFICATES OF REGISTRY: A certificate of registry will be duly transferred to the buyer by the breeder for each bull after complete and full payment has been made.

CATTLE INSPECTION & IDENTIFICATION: CCIA tags will be in all bulls. The tag number will be the lot number in the catalogue. All bulls will be available for inspection prior to the sale.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of the buyers; neither the auction market, sale staff, auctioneer nor any owner assumes any responsibility in this manner and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

LIABILITY: Foothills Auctioneers Inc. are acting as agents only and assume no responsibility for representations made by the seller. Purchasers must look to the seller for fulfillment of all guarantees and representations made hereunder.

SEMEN COLLECTION: The breeders in the Power Up Your Pasture Bull Sale reserve the right to draw semen on any of the sale bulls for in herd use only. This would be at the buyers convenience and the sellers expense.

*"The next generation starts today.
Strong roots, wise choices, and
dedicated hands ensure the
legacy continues."*
