RED AND BLACK ANGUS

*Complete Dispersal*

2024

DECEMBER 7

SALE TIME 12PM

@ C.D. LAND & CATTLE, TABER, AB

After nearly a quarter century being involved in the purebred Angus industry, we have made the tough decision to disperse our purebred females, slow down and move into a new chapter. This decision was not made lightly as being involved in the purebred and Angus industry has been one of the greatest gifts, but the time is right for a dispersal. If you would have told us back in the year 2000 about all the blessings that those first purebred cows we purchased would bring into our lives - we would have laughed in disbelief.

In September of 2001, our neighbours Fran & Fayne Brouwers of Coal City Angus were looking to retire, and we had the opportunity to purchase their herd. Coal City was a smaller operation whose total focus was on quality and who's herd originated from the Shoderee Ranch. We then slowly started building our herd by purchasing open heifers from Doug & Cheryl Lane of Meadow Creek for a couple of years, then purchasing females from other Alberta and Saskatchewan breeders.

Stacey and Becky purchased their first Angus cow Red Meadow Creek Stormy 27M in 2002, when "take your kid to work day" happened to fall on the same day as the annual Chinook Harvest Classic Sale hosted by the Southern Alberta Angus Club. This catapulted the girls into a world of 4-H, Junior Angus Association memberships, junior cattle shows, serving on boards, summer internships, and developing all the skills and life lessons that came along with those experiences. We weren't exaggerating when we said this is the industry that raised our daughters and both would say that they owe so much of their life, whether it's their careers, families, friendships, or other opportunities - to that old Angus cow.

So many other aspects of our lives grew as we got more involved in the Angus industry. We have got to meet many friends and fellow producers through the Southern Alberta Angus Club and have had a lot of laughs and good times over the years while helping to organize the Chinook Sale, field days, and golf tournaments. Doug spent time serving on the Alberta Angus board and as the president which allowed him to travel and see many different aspects of the industry. Our yearly vacation has become the Angus Convention, and we have enjoyed seeing the country and experiencing each region's hospitality. Then of course, the yearly Medicine Hat Pen Show that has become a family Christmas tradition.

Although they have now passed, we also owe so much of our journey to our parents. To Cheryl's Dad, Jim who was a true cattleman and shared both his wealth of knowledge and his love for good cattle, to Cheryl's mom Josephine who was always sure to keep our team well stocked on baked goods as many of you may remember from the early years of the Medicine Hat Pen Show. And of course, Grandma Ruth and Grandpa Hank who were often the workhorses of the operation, who kept cows and bulls fed, fat and happy, or always had a roast in the oven, or a pot of coffee and a good story for the crew. We are blessed to have had 3 generations working along side each other on our operation.

CD Land & Cattle has always been a family operation and though both girls have now moved on to their own careers, they remain involved the cattle industry. We've had the very good fortune of family and friends who have helped us along the way. For those that stayed behind to do chores while we were on the road, those that were on the work crew for cattle shows, and all the great help from setting up and working the annual bull sale to the lunch committee, we will be forever grateful.

The cattle are the main focus on our farm and have had to work for us. We have assembled a herd that have paid their own way and have given us a comfortable lifestyle. We have had the privilege of getting to know many of our bull buyers and their programs over the years. We have had the opportunity to attend brandings, watch calves sell through the ring and to see those bulls work for them and then adjust our program to meet our buyers' needs. We have assembled a group of females that produces sons built to work for our bull buyers.

We appreciate you viewing the catalogue and invite you to call Doug, Chad, or the Castlerock team with any questions or to come out and view the cattle in person. We look forward to the opportunity to visit with you and discuss the cattle that would best suit your operation.

Please join us Saturday December 7th, whether looking for an Angus female, herd sire or just want to be a part of the legacy - join us for the sale and stay for the hospitality.

## BREEDER'S GUARANTEE

As this is a dispersal sale, all cattle sell with no further guarantee.

Situations present themselves for various reasons over the course of time and sometimes the timing is impeccable! The decision for Doug and Cheryl to step back from the cows allowing for more time to be spent with family, friends and I'm guessing hunting as well doesn't come easy, but it comes with peace. The timing couldn't be better, the livestock industry is percolating and the demand for Red Angus cattle with some extra performance is evident! The cow herd has developed over the years with this vision which presents this outstanding offering for you to capitalize on December 7th.

This herd of cows is a young and positioned to leave their mark for years to come down the road. It has long been said that the livestock industry is a people business and no truer words could be spoken! Here is a family that started out essentially with some 4H cattle for the kids and blossomed into a program which has an excellent bull market in southern Alberta. Whether it be 4H or the Medicine Hat Pen Show you would not miss being caught up by the infectious laughter and hospitality at the stall! Good ppl enjoying the camaraderie of like minded people being together over the course of a few days. Doug always had the time for a bs session which would inevitably leave you in stitches, every time. While the spirits were always high it didn't interfere with breeding a set of cows to fit their environment and the market steadily developed. The Domolewski family has been deeply entrenched in being major supporters and active members of the Southern Alberta Angus Club as well for a number of years. Timeless hours spent organizing and setting up for various events throughout the year come effortlessly, after all look at all the fantastic relationships that have been developed. Long past the days with cows these memories will never fade and friendships will carry on. This is the backbone to rural life and where good people and values still reign supreme at the highest degree.

The sale offering will be on video in the middle of November but we would really encourage you to take the time to go through the herd, you will be impressed! Feel welcome to reach out to us if you have any questions regarding the offering, we are here to help!

See you sale day!

## CATTLE HEALTH

*a note from our trusted veterinarian*

Don't miss out on the opportunity to purchase cattle from Doug and Cheryl Domolewski, of CD Land & Cattle herd dispersal sale on December 7th, 2024. CD Land & Cattle integrate a complete herd health program strengthening the performance and sustainability of their livestock. The breeding herd receives yearly preventative 8-way clostridial, 5-way viral and scour pathogen vaccination focusing on the health and productivity of the cow-calf herd. At birth, calves receive an oral vitamin drench along with intranasal viral and bacterial pneumonia immunizations. At spring turn out and weaning, calves are vaccinated with a 5-way viral with Mannheimia Haemolytica along with a 7-way clostridial with Histophilus Somni. The years of attentive genetic selection has led to cattle that perform in our southern Alberta climate and markets. It has been a pleasure to work with Doug & Cheryl Domolewski and now you have the chance to bring some of these cattle back to your operation.

Cory Davis, DVM

## PERLICH BROS.

*has been a part of this amazing journey with CD Land & Cattle since December 3rd 2002. And what a gratifying journey it has been for us to market their top end cattle.*

*Doug & Cheryl have created a herd legacy. They have found the balance of performance, temperament, fertility and longevity in their herd. Their focus has been on you the customer, and that is why you come back year after year to incorporate top genetics into your operation.*

*You may have started out as a customer, but you fast became one of their friends. They care for their animals as much as they care for you and your satisfaction.*

*When the gavel falls on the last lot, it may be the end of an era. But it is actually a new beginning for Doug and Cheryl, and YOU! As you bring these animals back to your operation, they will continue to perform and put endless potential into your herd.*

*Doug & Cheryl and family, it has been a heck of a ride, we would like to truly thank you for giving us the opportunity to be on the journey with you.*

Sincerely,

**PERLICH Family and Staff**

Princess 234F has never missed the mark and continues to prove herself year after year. She has unfortunately never given us a daughter but has produced 5 bull calves so far in her career. The first was retained to use as a herd bull, Red CD Redemption 16H, siring feature heifer calves in the sale and used again this year. Her next three sons were sold through the bull sales averaging \$14,400 and all weaning over 900lbs. Her son this year is again at the top end of the bull pen to sell in the 2025 bull sale. A cow ranking in the top 1% of the breed for calving ease and birthweight but has proven performance in her sons.

Birth Wght: 87 lbs.  
205D Wght: 781 lbs.

Let's Rumble is a herdsire with a lot to offer. A moderate 87lb birth weight but ranking in the top 10% for weaning weight and yearling weight. Attractive in his makeup with his length, dept of rib and wide top. He is following the footsteps of both his award winning sire and dam with a multitude of championship achievements accredited to his name. Some include 2023 Champion Senior Bull Calf at Agribition and Lloydminster, followed up by 2024 Olds Fall Classic Champion Senior Yearling Bull.

A bull purchased as a 2-year-old for his low birth weight and calving ease. We are very happy with what we are seeing from this bull so far. Calves follow his same growth pattern with plenty of rib shape. He gave us significantly more bull calves than heifers, his bull calves are proving to be stand outs in the sale pen and his attractive made daughters sell as Lots 28A and 48A.

We were impressed with Power Train the first time we seen him and he just keeps getting more exciting as he grows and matures. This was a bull we used on heifers, with a moderate 76lb birth weight but a bull that is impressive in terms of muscle shape and dimension throughout. Here is a Herd bull that checks a lot of the right boxes.

A bull that gets a lot of attention in the bull pen. Supper attractive in his makeup that is really a complete package. A bull with a lot of length, muscle shape and performance with a moderate birth weight. Slowburn was used again on a set of cows this year and has daughters featured in the sale as Lots 74A, 78A, 81A, 82A and 84A

**HERDSIRE SELLING**

Purchased as a feature calving ease bull. This Homegrown son was weaned off of a first calf heifer, he has an ideal Angus head and a commanding presence. He is a well-balanced, fault free bull with lots of hair, above average calving ease and adequate performance. Top 10% for calving ease and birth weight.
