Sale Cattle for Dace Cochlan

- Steers are knife cut, Heifers are not exposed to bulls
- No implants
- Full health program (Zoetis select Vac Gold)
- Ivomec Spring
- All home raised, one iron, born in April and May
- Sired by trait leaders in growth, marbling and ribeye
- Lightly backgrounded on hay and pellets

The last feed data on the steers they averaged almost 5lb/day;
on grass all summer at the Waldron.

These cattle have the genetic potential to be 20% more
efficient than average. This means they will still gain nearly 5
lbs/day but with 20% less feed.

Sale Cattle For Ann & Margaret Doyle

- Purchased last spring
- Bovi-Shield GOLD One Shot
- Turned out to grass
