Javier is a 9 year old gelding, standing approx. 15hh. He has been used at brandings, moving and sorting cows and bulls. He has a quiet disposition and is good to be around other horses. Good to trailer and stands good for farrier. His one quirk is he can be cinchy with time off. Once he is warmed up he's good to go. With that being said and experienced rider is recommended.

This smoothly built bay filly surprised us with how friendly and tame she was when we started handling the foals, as she was the first baby to boldly walk up with confidence to get rubbed. Renowned CFR barrel champion “Dat Blue Moon” is her paternal grandsire; while her dam “Solanos Peppy Val” with “Blue Valentine” and “Hancock” bloodlines was a reliable ranch horse before joining our string of brood mares. Solanos Sugar Moon’s outgoing disposition displays her willingness to be optimistic about her relationship with people; pair that with her versatile breeding and you have the makings for an accomplished performance horse.

If you like surprise endings, this colt born jet black and registered gray will keep you guessing as to what genes will express over time, as his maternal grandsire was a striking Gray Roan Stallion. His dam “Double Dash Hancock” was one of our main go to ranch horses, as she is not only strong and steady, but one of our best traveling horses with the famed “Blue Valentine” and “Hancock” breeding. Blue Hancock Rocket is out of our stunning born and raised grullo stallion “Yucca Zan Rocket.” This curious and chill gray colt with a dash of zip has countless performance promise.

Here is a nice colt by our Peppy San Sun Frost stallion. "Coopers" foals have excelled in both the barrel racing and roping arenas as well as great ranch and family mounts. The Cooper foals have been highly sought after and we are always happy to hear how they are doing out in the world. I just found out that a Cooper filly we sold here at our first sale in 2010 is running barrels in the CCA This colts dam is a half sister to that mare. DQH My PeppyTwist crossed on LSR Forrest has produced a team roper/breakaway roping horse that has won 30 grand in the CCA as well, so I feel that this colt does carry the genetics to be a real contender no matter what way you take him. www.decossequarterhorses.com

We acquired this mare in a package deal from our good friend, 50 plus year Breeder Gordon Mason. While she is a change from our usual bloodlines, she comes from the Little Valley Ranch program who have produced multiple Western Pleasure Champions over the years. We are pleased with what this cross with our foundation stallion LSR Forrest has produced. Forrest has produced multiple winners in the roping pen and we feel that this colt should be a Cadillac ride going down the road. He is a nice straight well put together colt that boasts that sought after buckskin colour. He should do well as an all round contender at the local shows and do a job for you through the week. All of our Prospects will be eligible to be paid into the Legends of the Prairie Rope and Barrel Horse Futurity. Here is a buckskin filly that is sure to catch your eye and is sure to excel in many directions. Peppy San Sun Frost aka Cooper has been producing great minded foals for us that have excelled in the barrel and roping pen as well as solid ranch and family mounts. This fillies dam is a DQH Mia Rooster Two aka Jagger daughter. Jagger has been making a solid name for himself as the sire of well built good minded babies that do well in many directions. He is a money earner himself before an injury at the trainers sent him to the breeding pasture. His sons and daughters have picked up the gauntlet and carried on in his name. A son was the 2024 MHSRA horse of the year and he has other sons and daughters excelling in the team roping and breakaway roping all across Canada and the States. This shapey filly carries the blood of both Frenchman's Guy and Profit Increase. She should be able to fly around a barrel or chase down a calf in the roping arena. The Peppy San Sun Frost colts have been doing well in the barrel pen from the CCA rodeos down to the local jackpots. They have also excelled in the roping arena and are making great ranch and family mounts also. Dash N Blair brings some speed to the program and we are excited to see how this cross does as they mature and are being shown. The first from this cross is 2 this year and her owner is very happy with her. All of our Prospects will be eligible to be paid into the Legends of the Prairie Rope and Barrel Horse Futurity. This big palomino filly is sure to please in any direction you plan to take her. We bought this nice mare that came out to the Leptich Family Program and we are happy with the great foundation breeding she brings to our program. This is the first year crossed on one of our stallions and we are very pleased with this beautiful LSR Forrest filly. LSR Forrest is our senior stallion and he passes his great mind, foot and bone to his foals. This filly is no exception. LSR Forrest has get competing in Pro Rodeo team roping, Three day Eventing, Reining, and all round family ranch horses. The two daughters that I have retained are super broodmares and are a great cross on our Jr Stallion Jagger. This filly has a quiet friendly nature and is built to do any job you can throw at her. We are excited to see how she develops over the coming years. All of our Prospects will be eligible to be paid into the Legends of the Prairie Rope and Barrel Horse Futurity. This big leggy filly is another one of those crosses that seem to work every year. I have heard back from many previous owners and they all say they are great minded and built right. Her sire DQH Mia Rooster Two aka Jagger has been making a solid name for himself as the sire of well built good minded babies that do well in many directions. He is a money earner himself before an injury at the trainers sent him to the breeding pasture, but his sons and daughters have picked up the gauntlet and carried on in his name. A son was the 2024 MHSRA horse of the year and he has other sons and daughters excelling in the team roping and breakaway roping all across Canada and the States. We are super proud of this young stallion and look forward to what he continues to produce. This fillies dam is a daughter of Peppy San Sun Frost aka Cooper. I have only been able to retain one daughter so far as his foals are highly sought after. They are excelling in both the barrel racing and team roping pens as well as solid ranch and family mounts. We think this filly is set to follow in her siblings footsteps. She is growing up very nicely and should be a great addition to anyone no matter what direction you take her. What a big strong girl this striking filly is turning out to be. She is SOLID with the bone and foot she has inherited from her sire LSR Forrest and should have some good height passed down from her dam who is one of our bigger mares. She goes back to Doc's Lynx and PC Bronsin on the bottom side which has crossed well on our LSR Forrest stallion over the years. This filly should be an asset to any ranch or family program. She will be able to drag a calf to the fire all day long and then go and play on the weekends. Alamitos Panzarita is a fancy little bay filly who consistently stood out in the back 40 from the first time we saw her. Her dam "Sable Alamitos" actually went through this ring as a foal herself; fortunately, we got to bring her home and started her. However, when opportunity knocked we couldn't part with her, as she was the last mare in a long string of offspring out of our late stud "Speedy Hot Taco" grandson of Legendary "Dash for Cash." Add more fame: Zan Parr Bar, Dat Blue Moon, Peppy and Panzarita bloodlines and the possibilities are endless for this "Fancy Lil Panzy."

PETE

Grade QH Grey Gelding DOB: 2015

Here's a been there done that solid ranch horse, sure footed, great in the branding pen and lots of experience on man doctoring. Went to jackpots this summer on the head and heel side making a nice all around mount. With limited steers run, he took to the jackpot atmosphere with ease. Big boned, good feet and strong for all your ranching needs. He's a cowboy horse with a few quirks that can be worked around easily.
